

## Demolition Engineer Interview Questions

1. Share an experience in which your diligence of inspecting equipment, structures, or materials helped you identify a problem or the cause of a problem.

2. Provide an experience in which your advice regarding design, construction, or program modifications or structural repairs benefited your company.

3. What is the most challenging part of budgeting for you?

4. Name a time when your advice to management led to an improvement in your company or otherwise helped your employer.

5. Provide an example of when you set expectations and monitored the performance of subordinates. What guidance and direction did you find most effective?

6. In your experience, what is the key to developing a good team? (Look for how they build mutual trust, respect, and cooperation.)

7. Provide an example of a time when you successfully organized a diverse group of people to accomplish a task.

8. Share an experience you had in dealing with a difficult person and how you handled the situation.

9. Share an experience in which you successfully shared a difficult piece of information. (Make sure that the candidate has open lines of communication.)

10. Share an experience in which you oversaw the assembly, fabrication, construction, maintenance, or modification of equipment. How did you communicate to the staff what you wanted?
