

## Database Coordinator Interview Questions

1. Tell me how you organize, plan, and prioritize your work.

--

2. Give me an example of when you thought outside of the box. How did it help your employer?

--

3. Share an experience in which a modification you made to a database benefited your company. How did you identify the need for modification?

--

4. Name a time when your advice to management led to an improvement in your company or otherwise helped your employer.

--

5. Share an experience in which you successfully shared a difficult piece of information. (Make sure that the candidate has open lines of communication.)

--

6. Share an experience when you applied new technology or information in your job. How did it help your company?

--

7. Tell me about an experience in which you analyzed information and evaluated results to choose the best solution to a problem.

--

8. Would you consider analyzing data or information a strength? How so?

--

9. Share an effective approach to working with a large amount of information/data. How has your approach affected your company?

--

10. Tell me about the last time you monitored or reviewed information and detected a problem. How did you respond?

--
