

Electrical Lineworker Interview Questions

1. Describe a time when you successfully serviced, repaired, or tested a machine or device that operates mainly by mechanical principles.

2. Tell me about your qualifications for and your experience handling vehicles and/or mechanized equipment.

3. What is the most challenging part of adhering to safety practices and procedures, such as checking equipment regularly and erecting barriers around work areas? Share an experience.

4. Describe an experience where you opened switches or attached grounding devices to remove electrical hazards from disturbed or fallen lines or to facilitate repairs?

5. What kind of experience do you have climbing poles or using truck-mounted buckets to access equipment? How often do you climb poles?

6. Share an experience you had in dealing with a difficult person and how you handled the situation.

7. Share an experience in which you've successfully learned how to handle a new piece of equipment?

8. Tell me about a recent experience you've had working with your hands.

9. Tell me how you organize, plan, and prioritize your work.

10. Share an experience when you applied new technology or information in your job. How did it help your company?
