

Orthotic Fabricator Technician Interview Questions

1. Share an experience you had in dealing with a difficult person and how you handled the situation.

2. Provide an experience in which you fitted appliances onto patients and made necessary adjustments.

3. Describe a time when you successfully provided personal assistance to a coworker or patron.

4. Share an experience in which you successfully shared a difficult piece of information. (Make sure that the candidate has open lines of communication.)

5. Describe a time when you successfully serviced, repaired, or tested a machine or device that operates mainly by mechanical principles.

6. Share an experience in which you've successfully learned how to handle a new piece of equipment?

7. Tell me about a recent experience you've had working with your hands.

8. How do you stay fit in order to perform physical activities that are required in the workplace?

9. Share an experience when you applied new technology or information in your job. How did it help your company?

10. Give me an example of when you thought outside of the box. How did it help your employer?
