

Repairman Interview Questions

1. Tell me about an experience in which you analyzed information and evaluated results to choose the best solution to a problem.

2. Tell me about your qualifications for and your experience handling vehicles and/or mechanized equipment.

3. Walk me through how you would inspect or test lines or cables, recording and analyzing test results, to assess transmission characteristics and locate faults or malfunctions.

4. What kind of experience do you have accessing specific areas to string lines or install terminal boxes, auxiliary equipment, or appliances, using bucket trucks, or by climbing poles or ladders, or entering tunnels, trenches, or crawl spaces?

5. What is the key to success when communicating with the public.

6. Share an experience you had in dealing with a difficult person and how you handled the situation.

7. Tell me about a recent experience you've had working with your hands.

8. Share an experience when you applied new technology or information in your job. How did it help your company?

9. Share an experience in which your diligence of inspecting equipment, structures, or materials helped you identify a problem or the cause of a problem.

10. Share an experience in which you've successfully learned how to handle a new piece of equipment?
