

Brakes Inspector Interview Questions

1. Describe a time when you successfully serviced, repaired, or tested a machine or device that operates mainly by mechanical principles.

2. Tell me about your qualifications for and your experience handling vehicles and/or mechanized equipment.

3. What kind of experience do you have inspecting vehicles or other equipment for evidence of abuse, damage, or mechanical malfunction?

4. Describe methods you have found effective to conduct vehicle or transportation equipment tests, using diagnostic equipment.

5. Share an example when you effectively inspected vehicles or equipment to ensure compliance with rules, standards, or regulations.

6. Share an experience in which you've successfully learned how to handle a new piece of equipment?

7. Tell me about a recent experience you've had working with your hands.

8. Share an experience when you applied new technology or information in your job. How did it help your company?

9. Share an example of a time you had to gather information from multiple sources. How did you determine which information was relevant?

10. Share an experience you had in dealing with a difficult person and how you handled the situation.
