

Fish Hatchery Supervisor Interview Questions

1. Tell me about an experience in which you analyzed information and evaluated results to choose the best solution to a problem.

2. What have you found to be the best way to observe fish and beds or ponds to detect diseases, monitor fish growth, determine quality of fish, or determine completeness of harvesting? Share an example.

3. Name a time when you supervised the artificial spawning of various salmon and trout species.

4. Walk me through how you confer with managers to determine times and places of seed planting, and cultivating, feeding, or harvesting of fish or shellfish.

5. Provide an example of a time when you successfully organized a diverse group of people to accomplish a task.

6. Share an experience you had in dealing with a difficult person and how you handled the situation.

7. Tell me about a recent experience you've had working with your hands.

8. Tell me how you organize, plan, and prioritize your work.

9. What are some long-range objectives that you developed in your last job? What did you do to achieve them?

10. Share an experience when you applied new technology or information in your job. How did it help your company?

11. Would you consider analyzing data or information a strength? How so?

12. Tell me about the last time you oversaw the work of someone else. How did you effectively motivate, develop, and direct the worker(s)?

13. Provide an experience that demonstrates your ability to manage time effectively. What were the challenges and results?

Fish Hatchery Supervisor Interview Questions

14. Give me an example of when you thought outside of the box. How did it help your employer?

15. Share an experience in which you successfully coordinated with others. How about a coordination effort that was not as successful?

16. Provide an example of a time when you were able to demonstrate excellent listening skills. What was the situation and outcome?

17. Tell me about your qualifications for and your experience handling vehicles and/or mechanized equipment.

18. Provide an example when your ethics were tested.

19. Share an example of when you went above and beyond the "call of duty". (Look for answers that show the candidate is dependable.)

20. Provide an example when you were able to prevent a problem because you foresaw the reaction of another person.

21. Share an experience in which your attention to detail and thoroughness had an impact on your last company.

22. How would you rate your writing skills? (Ask for an example that demonstrates great writing skills.)

23. Share an experience in which your willingness to lead or offer an opinion helped your company.

24. How do you balance cooperation with others and independent thinking? Share an example. (Try to determine if the candidate has a cooperative attitude or is otherwise good-natured.)

25. Share a time when you willingly took on additional responsibilities or challenges. How did you successfully meet all of the demands of these responsibilities? (Make sure the candidate is a self-starter and can demonstrate some initiative.)

26. Provide an example of when you were persistent in the face of obstacles.

Fish Hatchery Supervisor Interview Questions

27. Describe methods you have found effective to assign to workers duties such as fertilizing and incubating spawn, feeding and transferring fish, and planting, cultivating, and harvesting shellfish beds.

28. Tell me about your last experience recruiting, interviewing, or hiring an employee. What techniques did you find most effective in finding the right person for the job?

29. Tell me about a time when you developed your own way of doing things or were self-motivated to finish an important task.

30. Tell me how you prepare or direct the preparation of fish food, and specify medications to be added to food and water to treat fish for diseases.
