Lawn Mower Repairer Interview Questions

1. Describe a time when you successfully serviced, repaired, or tested a machine or device that operates
mainly by mechanical principles.
2. What kind of experience do you have repairing and maintaining gasoline engines used to power equipment
such as portable saws, lawn mowers, generators, and compressors?
3. Describe methods you have found effective to test and inspect engines to determine malfunctions, to locate
missing and broken parts, and to verify repairs, using diagnostic instruments.
4. Share an experience in which you've successfully learned how to handle a new piece of equipment?
5. Tell me about a recent experience you've had working with your hands.
6. Share an experience when you applied new technology or information in your job. How did it help your
company?
7. Tell me about an experience in which you analyzed information and evaluated results to choose the best
solution to a problem.
8. Share an experience in which your diligence of inspecting equipment, structures, or materials helped you
identify a problem or the cause of a problem.
9. Share an example of a time you had to gather information from multiple sources. How did you determine
which information was relevant?
10. Tell me how you organize, plan, and prioritize your work.
11. Name a time when you adjusted points, valves, carburetors, distributors, and spark plug gaps, using feeler
gauges.
12. Tell me about your last experience doing repair work. How did you determine what tools you needed?
13. What is the most challenging part of reassembling engines after repair or maintenance work is complete?

Lawn Mower Repairer Interview Questions

15. What have you found to be the best way to obtain problem descriptions from customers, and prepare cost estimates for repairs? 16. Share an experience in which your attention to detail and thoroughness had an impact on your last company. 17. Share an example when you effectively showed customers how to maintain equipment. 18. Share a time when you willingly took on additional responsibilities or challenges. How did you successfully meet all of the demands of these responsibilities? (Make sure the candidate is a self-starter and can demonstrate some initiative.) 19. Share an example of when you went above and beyond the "call of duty". (Look for answers that show the candidate is dependable.) 20. How do you balance cooperation with others and independent thinking? Share an example. (Try to determine if the candidate has a cooperative attitude or is otherwise good-natured.) 21. Tell me about a time when you developed your own way of doing things or were self-motivated to finish an important task. 22. Name a time when your patience was tested. How did you keep your emotions in check? 23. Tell me about your qualifications for and your experience handling vehicles and/or mechanized equipment. 24. Share an example of when you established and accomplished a goal that was personally challenging. What helped you succeed?	14. Tell me about the last time you performed routine maintenance on equipment. How did you determine
estimates for repairs? 16. Share an experience in which your attention to detail and thoroughness had an impact on your last company. 17. Share an example when you effectively showed customers how to maintain equipment. 18. Share a time when you willingly took on additional responsibilities or challenges.
